FOUNDING STONES OF ICE COLLEGE

ICE College is established with the objective to bring "Management Education within the reach of common man"

Our objectives are :-

1. To reduce the cost of education without compromising on quality of education.
2. To increase the income of student so that they can pay their fees.

" If you give a person a fish, he will feed himself and his family once,

If you teach a person to fish, he can feed himself and his family for the rest of his life"

- It is our passion and blessings of the student's parent which keeps us going. We are in a process of setting up Training centers in and around Maharashtra.
- Right to Education gives a person right to free education, we focus on Right to Earn your Degree where a student can earn and learn simultaneously making him able to pay the fees by himself/herself.
- Right to Education requires a lot of funding which a government can manage but the arrangement of an infrastructure, staff and remunerations is definitely a burden on our govt. Right to earn your degree does not need much funding as the student generates his/her own funds by getting a parallel job. It's just like utilization of wind energy, solar and wave energy.
- **YOU CANNOT BEG SUCCESS, YOU HAVE TO WIN IT**, Earn your Success at ICE COLLEGE OF HOTEL MANAGEMENT. There are many big people running Institute of Hotel management in a lavish campus just like 5 star hotels but there is only one temple of Hotel Management Training i.e. ICE COLLEGE OF HOTEL MANAGEENT where we understand the need of the people and modify the program according to their needs and all are welcome .

ICE College of Hotel Management and Catering Technology, has made landmark progress and has made an impact in the hospitality scenario. Founded in 2005, ICE College of Hotel Management and Catering Technology, has made landmark progress and has made an impact in the hospitality scenario. We claim to be the first college in India offering a chance to EARN-N-LEARN.

How are we different?

- We believe in skill learning and making student practically sound, hence we give 18 months on job training in 3 years, due to which after completion of course the student is not joining the hotel as a fresher.
- Job offer in second year, to make education easy and affordable. We provide job to students in second year, so they can earn and learn simultaneously.
- Part time job after college hours to students who aren't financially strong enough to pay the fees.
- We not only train you to work in 5 star hotel, but also help you establish your startups.
- Here at ICE we train students to be global leaders by enriching their curriculum with entrepreneurship development courses like :

- **How to start your own bakery?**
- **How to start your own restaurant?**
- **Food truck management**
- **Event management**
- **Resort management**
- **Catering management**
- **Starting a take away**
